The G610 measures 17.5 x 6.0 x 1.4 inches and considers 2.8 pounds. This places it at the smaller end of the full-size keyboard which makes it suitable for tables of almost all sizes. On the other hand, it doesn't have any wrist support, so remember that you may need to increase it if you are prone to wrist pain. The most significant benefit of Orion over various other Logitech keyboards is the addition of certain Cherry MX tricks. No one has denied that the Romer-G switch is suitable, responsive and resilient, but nothing beats the real offer. Cherry has developed its reputation by providing first-class mechanical switches that offer optimal experience, whether you prefer your keys to be quiet or noisy, uncomplicated or resistant.
